FROM THE PRESIDENT

We are delighted to have you as a member of AAA...the original motor club. AAA, a not-for-profit community organization and advocate for travelers' rights, was founded in 1902 in response to a lack of highways suitable for automobiles. Today, AAA supports motorists and non-motorists alike with services ranging from travel planning to insurance coverage to retail discounts. We have more than 1,000 offices in the United States and Canada with a fast-growing membership of over 52 million loyal members who enjoy the everyday benefits of AAA. And as a member of AAA Plus® or AAA Premier®, you can have even more extended services at your disposal (see page 5 to find out how to upgrade).

Know your AAA benefits and use them! Feel free to call and visit your local AAA branch office whenever you need assistance. It is always our pleasure to serve you!

David E. Parsons
President, AAA Carolinas

ROADSIDE ASSISTANCE

Need roadside assistance now?

Call 800-AAA-HELP (222-4357) or request service online at AAA.com/Help

Please cancel your request for service immediately if service is no longer required. If the driver is en route, this call will count as a service call.

How many service calls do I get per year?

Number of Members	Total Number of Calls
1	4
2	7
3	9
4	10
5 or more	11

When calling for road service, please have the following information ready:

- Your name, club code and membership number (from member card)
- The make, model, year, and color of the vehicle
- Exact location of your vehicle (street address if available)
- Nature of trouble (flat tire, won't start, in ditch, etc.)
- Phone number where you can be reached

To serve you better, you or a designated representative must be with your vehicle when service is received.

AAA Roadside Assistance is an emergency, Club-owned fleet service, rendered by independent operators and paid for by the Club. It is designed to aid any member as a passenger or a driver whose vehicle has become unexpectedly disabled. Most AAA Basic services are free. Please remember, however, these services are for emergencies and should not be used for maintenance. AAA membership provides several emergency services to put your vehicle in operable driving condition. These services are rendered by the nearest available AAA Contracted Road Service Provider. If these attempts are not successful after a reasonable effort by the service representative, the towing provision will apply. Although services are generally similar in all AAA and Canadian Automobile Association (CAA) territories, rules and regulations vary and services will be provided in accordance with regulations of the AAA/CAA Club servicing the area. Guidelines governing roadside assistance are subject to change without notice.

Towing Service

When your vehicle cannot be safely driven after attempting any of the listed emergency services herein, you will be given three (3) towing options:

Option 1: You may be towed to a AAA Carolinas owned and operated AAA Car Care Center, within 30 miles, or to the AAA contractor's station that responded to your call at no charge. When a AAA Contracted Road Service Provider tows a member back to their location and the car is towed away from the Road Service Provider's facility, over mileage for the original tow and storage fees may apply. If service is not performed at the AAA Car Care Center and vehicle is towed to another location, over-mileage costs will be incurred.

Option 2: You may be towed to a destination you select within the first three (3) miles of the disablement (at no charge). Plus and Plus/RV members receive up to 100 miles free towing.

Option 3: You may be towed to a destination you select more than three (3) miles from the disablement at a rate of \$3.00 per mile beyond the first three (3) free miles (rate subject to change). Plus and Plus RV members receive up to 100 miles free towing and are charged \$3.00 for each additional mile over 100 miles. Charges for mileage beyond these limits must be paid by the member at the time of service and are not reimbursable.

To learn how to extend your towing benefits to 200 miles with AAA Premier, visit AAA.com/Premier.

In instances where your vehicle is disabled while towing a trailer, service may be provided for the trailer at your expense and will be payable to the service facility at the time of service. Plus/RV service extends coverage to include travel trailers with sleeping accommodations used for the purpose of camping. You may not use more than one service call per breakdown. Vehicles that have been modified by the owner risk possible damage when towed or serviced. AAA Carolinas reserves the right to refuse the tow or service on the grounds of safety and liability. If service is provided, the owner assumes responsibility for any damages not caused by the operator's negligence. Charges for flatbed service requested by members, when not required by the AAA Towing manual, will be passed on to the member. The responding tow truck will have room for up to two passengers. AAA can assist in locating taxi service at the member's expense to transport additional passengers. The final decision to provide service to a vehicle safely is left to the discretion of the AAA Contracted Road Service Provider.

In an effort to provide a safe, quality environment for our members and providers, large trucks and some multi-passenger vehicles, including but not limited to; F-350s, F-450s, dual-wheel trucks, Hummers and vehicles extending past the rollback bed, must have Plus RV or Premier RV coverage or they will not be covered by AAA Carolinas. In combination with the total weight and type of the tow vehicle, these restrictions are required as different equipment is needed to provide service. This restriction is based on; the weight of the vehicle being towed, weight distribution of the vehicle being towed and weight loads on the axle of the tow vehicle, and safety based on Department of Transportation guidelines.

Tire Service

If your vehicle's spare tire is inflated and serviceable, it will be installed to replace a flat tire. If an inflated spare is not available, the vehicle will be towed in accordance with the towing provision. AAA cannot change inner tires on dual-wheeled trucks.

Fuel Service Delivery

An emergency supply of fuel will be delivered to your disabled vehicle to enable you to reach the nearest service station. Specific brands or octane ratings cannot be promised. The charge for the fuel will be the current pump price and is payable to the AAA Contracted Road Service Provider upon delivery. Diesel fuel will not be delivered. If you need it, you can be towed under the normal towing provisions. With Plus and Plus/RV, we'll provide a sufficient amount of fuel to enable you to reach the nearest service station at no additional cost. In certain situations, we may not be able to deliver fuel. In this case, we will offer to tow your vehicle under your membership towing provisions.

Mobile Battery Service

In selected cities, a AAA trained technician will be dispatched to test your vehicle's battery and charging system at no cost to you. In the event your battery fails, you may purchase one from the roadside technician at that time. Installation is free on most vehicles, however, there may be additional charges for labor intensive installations. In areas where the mobile battery service is not available, AAA will offer a battery boost if conditions are safe to do so.

Lockout & Key Service

If your keys are locked inside the vehicle, service will be sent to gain entrance. If your keys are lost, broken, or the service provider cannot gain entrance to your vehicle, locksmith service up to \$50.00 will be provided. In cases where the vehicle cannot be made operable, towing services will be provided in accordance with the towing provision. For the protection of the member's vehicle, AAA may request ownership verification of the vehicle and/or seek identification of the person driving the vehicle. Registered owners must be present for this service. Plus and Plus/RV provides up to \$100 for locksmith service to make your vehicle operable. Note: Ignition mechanisms not covered. If your keys are locked in your trunk and the trunk release is inoperable, then the towing provision applies.

Extrication/Winching Service

Your vehicle will be extricated/winched by one truck and one operator when it can be safely reached and extracted within 50 feet from a normally traveled road or established thoroughfare. If special equipment, additional manpower or vehicles are required, the additional costs will be payable by the member to the facility at the time of service. This service does not cover vehicles disabled on a beach, non-public road, construction site, boat ramp, vacant lot, or an area not regularly used for public traffic. Plus and Plus/RV provides for a second truck and operator, when needed, for up to one hour. If the vehicle cannot be operated after extrication, the towing benefit applies.

Eligible Vehicles

For Basic and Plus members, the Club will provide service to the following: Four-wheeled motor driven vehicles of the passenger type regardless of license plate designation, if those services can be safely delivered. Dual-wheel campers/motor homes and RVs will be provided all services except towing, extrication/winching, and tire service, which will be offered only to Plus RV members. Rented passenger vehicles are eligible for service. Unloaded commercial vehicles are eligible for service, excluding taxi cabs, transport/shuttle services and limousines. Dual-wheel unloaded pickup trucks and panel vans (up to ten passengers) must have Plus RV or Premier RV coverage to be eligible for towing and are provided all services except changing inner tire. Box trucks are provided all services except towing, winching, and tire service. For Plus/RV members only, the Club extends all service to: Motor homes, travel trailers for the purpose of camping with sleeping accommodations only, pickup trucks with bed-mounted campers, motorcycles, dual-wheel unloaded pickup trucks, panel vans, and 5th wheel travel trailers. Some larger trucks and some multi-passenger vehicles may not be covered by AAA Carolinas if determined unsafe by the AAA Road Service Provider based on Department of Transportation guidelines.

Improper or Excessive Service: Members are required to participate in the cost of roadside assistance after the allotted number of service calls are used. An attempt will be made to notify the primary member that they are approaching or have reached the maximum call limit. Members who require service after the maximum allotted calls will be provided service at a special reduced rate. Additional charges for towing mileage will be due and payable to the servicing facility at the time of the service.

We reserve the right to reduce service, non-renew, or cancel any membership which, in Management's sole discretion, would have an adverse impact on the cost of the membership to other members or is disruptive to the operation of the club. This is reviewed annually and members will be notified by mail if their membership is affected.

Reimbursement Regulations: AAA is dedicated to providing a level of service far beyond the modest cost of membership. One way we do that is by contracting with carefully screened Road service providers to deliver services at specially negotiated prices that are well below the rates of independent road service contractors. In an instance where a AAA contracted road service provider is available but a member chooses to call a service provider outside the AAA network instead of calling our 1-800-222-4357 number, reimbursements will be based on your membership plan. On the rare occasion that a AAA road service provider is not available (after calling our "800" number), or your membership cannot be confirmed, you will be reimbursed for those services normally provided free of charge with your membership. Receipts that are altered, copied or in the name of anyone other than the member, or have been reimbursed by other sources cannot be honored for reimbursement. Please submit the original receipt along with the reimbursement application to the address below. The application can be picked up at your local office, downloaded from AAA.com or mailed to you. The Club will consider reimbursement requests within 60 days from the date of service. Mail receipts to: AAA Carolinas; P.O. Box 29600; Charlotte, NC 28229; Attn. Member Relations Department.

AAA Contracted Road Service Providers: We select road service providers for their ability to handle service calls. These road service providers are independent businesses and are not employees or agents of AAA Carolinas. Responsibility for loss, damage or unsatisfactory workmanship remains with the contracted road service provider that is providing the service. AAA will mediate disputes. Damage complaints must be received within 10 days of the incident and AAA cannot promise resolution if repairs are completed prior to investigation.

Member Privilege Only: Service will be provided to the person named on a valid membership card if he or she is driving or riding in an eligible vehicle at the time of breakdown. Prior to rendering service, AAA may request identification, such as a driver license, in addition to the AAA membership card. Only members may use the membership card and service is not provided to non-members using the member's vehicle, whether or not they reside in the member's household. Spouse and children may be added as "associate" members which include all services provided to the primary member.

Services Not Included at AAA Expense: Mechanical or repair work, and any parts or supplies required to repair vehicle; service on a vehicle which was abandoned or immobilized by inspection law; services to unregistered or unlicensed vehicles or those with registrations expired more than 30 days; vehicles without tags or displaying an invalid tag unless a police report is presented; towing of vehicles for salvage; more than one tow per breakdown; A pre-existing condition; toll road charges; parking fees; any expense when a vehicle is ordered to be towed, extracted, or impounded by the police for violating local laws; entrance fees charged by private or gated communities. Vehicles that are loaded with heavy equipment or large items will not be provided service.

Paying by Personal Check: AAA road service providers accept personal checks up to \$250 for roadside assistance. When you are traveling at least 100 miles away from home, you may also cash a personal check for any amount up to \$100 at any AAA office in the United States when you need emergency cash. Some restrictions may apply. Contact the Quality Assurance/Member Relations Department toll-free 877-282-3682 for details.

Emergency Conditions: Whenever possible, roadside assistance is available to you 24 hours a day, 365 days a year throughout the United States and Canada. However, during severe weather conditions, civil disturbances or national emergencies, AAA reserves the right to temporarily delay service to members who are in a place of safety.

Trip Interruption Reimbursement

Basic/Plus:

AAA Members have added peace of mind when on trips of 100 driving miles or more from home. If you are driving or riding in a AAA-qualifying vehicle which becomes inoperable as a result of a traffic accident or if your vehicle is stolen, and causes your trip to be delayed at least 24 hours, you may receive a reimbursement up to \$250 for your covered unexpected out-of-pocket expenses incurred during the first 72 hours immediately following the incident. These expenses include:

- Car rental (excluding gas, insurance, and drop or one way fees)
- Meals and lodging in the vicinity of the incident (within a 25 mile radius)
- or**
- Commercial transportation from the location of the incident to your destination or current residence.

The trip interruption benefit can be used once per membership, per membership year. Member filing claim, member's immediate family, associate members, law enforcement and security officers are ineligible for reward.

- Total of \$1,000 if appealed to the State Supreme Court.

This benefit may be used once per membership year. You must appear in court or furnish a signed waiver that an attorney represented you. A plea of not guilty must be given to the original charge. Notice of claim to the club along with all required documentation must be submitted within 60 days of the trial date. Reimbursement does not cover the charge of driving while impaired, failure to appear on previous traffic violations, or other serious driving offenses. For reimbursement guidelines and exclusions, contact the Member Relations department during business hours at toll-free 877-282-3682, or visit AAA.com.

AAA Approved Auto Repair & Body Repair

The AAA Approved Auto Repair program was created to provide members with referrals to automotive repair facilities that meet AAA's stringent standards for technical competence and customer service. These referrals come with the assurance that AAA will arbitrate in the event of a dispute between an Approved Repair facility and a member. AAA benefits include:

- **Free Maintenance Inspection** – On request, after paying for repair work done by an AAR facility, the member's vehicle will be inspected at no charge for items that most frequently contribute to roadside breakdowns. A written recommendation of any needed maintenance or repairs will be provided to the member upon pick up of the vehicle. Note: Auto Body Repair facilities currently do not offer this inspection.
- **Written Estimate** – Members will receive a written estimate of the cost of all work to be performed on the vehicle. The cost of the work performed may not exceed the estimate by more than 10% unless authorized by the member in advance.
- **Warranty** – Unless specified in writing prior to the start of the work, all repairs (both parts and labor) are guaranteed for a minimum of 12 months or 12,000 miles, whichever comes first. For Auto Body Repair facilities, the warranty is for 12 months (no mileage stipulation).

- Return of Parts – As evidence of work performed, all replaced parts will be returned to the member, provided that the member requested them at the time the vehicle was delivered for service. Parts that must be returned to the manufacturer under a warranty or exchange program are excluded, but must, on request, be available for inspection when the vehicle is picked up by the member.
- Dispute Resolution – AAA will investigate any dispute between the member and the AAR facility. AAA's resolution is binding on the facility, but the member is not bound by AAA's decision and may seek recourse through other avenues.

For service, call 800-AAA-HELP and the operator will tell you which facility is closest to you. All Approved Repair facilities are monitored continuously to ensure AAA's standards are met.
